MPs rally in support of campaign to leave the EU

Nine MPs attended the launch of a new campaign to leave the EU today (Wednesday 26th April 2006).

BETTER OFF OUT is a non-Party campaign to communicate the benefits of the UK leaving the EU. Philip Davies MP, Philip Hollobone MP, Douglas Carswell MP, Lady Winterton MP, Sir Nicholas Winterton MP and Bob Spink MP all spoke in support of the campaign whilst the Rt. Hon. Eric Forth MP, David Davies MP and Chris Chope OBE, MP were also present.

Mark Wallace, BETTER OFF OUT Campaign Manager said, "It was extremely encouraging to hear from Members of Parliament who agree with the BETTER OFF OUT campaign that we should no longer pay huge amounts of money into an organisation that serves to restrict our economy and many other economies around the world. We will continue to make the case with the BETTER OFF OUT campaign to the people and the politicians of the UK until we are successful in leaving the restrictive European Union and trading freely with the world".

Notes for Editors:

1) The **BETTER OFF OUT** campaign is supported by leading UK economists such as Ruth Lea and Prof Patrick Minford, and seeks to communicate the positive benefits for the UK of being outside the EU. It is a new, non-partisan campaign.

For further interviews or comments please contact Mark Wallace on 07736009548. Mark is based in London and is available for all press, radio and television appearances.
